

CASE STUDY

FIND OUT HOW WE HELPED THIS CLIENT REDUCE OPIOID USAGE BY 43%

Gallagher Bassett partnered with this global manufacturer to address the impact the opioid epidemic was having on its business.

ADDRESS THE OPIOID EPIDEMIC'S IMPACT ON YOUR BUSINESS

With a focus on timely, appropriate, and high-quality medical treatment and prompt, but safe, return-to-work initiatives, Gallagher Bassett partnered with a global manufacturer to address several priorities.

HOW WE APPROACHED THIS CHALLENGE

Conducted
medical provider
panel refresh

Leveraged our
pharmacy monitoring
and utilization
program GBCARE

Introduced mobile
app GBGO to
empower claimants
to take ownership of
their recovery

Applied our claims
assessment platform
LUMINOS to track
lost time patterns
and reduce
restricted duty days

OUR TEAM IS BACKED BY AN ARMY OF TALENT, A CULTURE WHERE SAFETY COMES FIRST, AND AN UNWAVERING DETERMINATION TO UNLOCK BETTER OUTCOMES.

We work with our clients to defend them against risk and implement high-quality and innovative risk management solutions.

As outlined in our approach, GB leveraged a bespoke and effective approach to stay alert to red flags and assess best practice interventional options to mitigate future concerns.

This approach resulted in the following outcomes for our partner:
